#### FOOTNOTE

- Prayer program for each session will be drawn and distributed (coordinated by the chaplain)
- Activities that will bring both continuing and new students together are colour coded with green.
- SAD Presentations are scheduled from 1930 - 2200pm. This is done for the following reasons: to capture majority of our students who are residential; to concentrate and give more time on COVID 19 screening process, and to give maximum concentration to the Registration Process. We also are aware of non-residential students, hence a special programme will be arranged for them in the semester.
- Some orientation activities are programmed after classes in the Lecture week 1 as we could not fit all activities in the orientation week.
