

## **Electronic Journal of Informatics**

The Electronic Journal of Informatics provides a platform for academics and non-academics to publish their research work. It provides an avenue for promoting a scholarly culture through research and the exchange of ideas, experiences and insights for personal growth and professional development. The Journal is open for articles in areas including business and management, information and communications technology, mathematics and computing science, tourism and hospitality.

**ISSN 2706-8579**

## **Editors**

**Martin Daniel** (PhD) is the Academic Dean & Associate Professor in the Faculty of Business & Informatics at DWU. He holds a Bachelor's degree in Information Technology from the University of Queensland in Australia, a Master's degree in Information Technology from the Queensland University of Technology in Australia and a Doctor of Philosophy from the Divine Word University.
